HOSTILITIES IN THE GAZA STRIP AND ISRAEL - REPORTED HUMANITARIAN IMPACT

20 May 2024 at 15:00

Disclaimer: Figures that are vet-to-be verified by the UN are attributed to their source. Casualty numbers have been provided by the Ministry of Health (MoH) or the Government Media Office (GMO) in Gaza and the DAY 227 Israeli authorities. Previous data breakdowns provided in this snapshot of women and children killed were attributed to the GMO based on reported fatalities. The fatality breakdowns currently cited are those that the MoH in Gaza has recently fully identified out of the higher number of casualties they report.

MOVEMENT AND ACCESS

Between 1 and 19 May, 15 humanitarian aid missions to northern Gaza were facilitated by the Israeli authorities, **five** were denied access, **18** were impeded, and **9** were cancelled. Moreover, **59** aid missions to areas in southern Gaza that require coordination were facilitated by the Israeli authorities, 23 were denied, 16 were impeded, and 23 were cancelled. As of the time of reporting, the status of two missions to northern Gaza and two in southern Gaza remains unclear.

-46% (5,957 out of 12,761) of critical patients who submitted requests for medical evacuation have been approved; these include 38% (4,895) who have been medically evacuated abroad. An estimated **700** patients (an average of 50 per day) have not been evacuated since the closure of Rafah Crossing, placing further stress on Gaza's few remaining health facilities (WHO, as of 18 May).
