Disclaimer: Figures that are yet-to-be verified by the UN are attributed to their source. Casualty numbers have been provided by the Ministry of Health (MoH) or the Government Media Office (GMO) in Gaza and the Israeli authorities. Previous data breakdowns provided in this snapshot of women and children killed were attributed to the GMO based on reported fatalities. The fatality breakdowns currently cited are those that the MoH in Gaza has recently fully identified out of the higher number of casualties they report.

#### **KEY FIGURES**

This snapshot reflects an update of the number of people currently present in the Gaza Strip from 2.3 million to 2.1 million and of the number of IDPs among them from 1.7 million (75%) to 1.9 million (90%). These estimates are dynamic and approximate. They have been compiled by the UN and its partners based on recent developments, as outlined in the Humanitarian Situation Updates.
