# 6. Closure<sup>3</sup>/Restrictions on movement

# Tulkarm/Qalqiliya/Salfit governorates:

- In Tulkarm Governorate, the IDF maintained the eased movement restrictions. All parts of Kafriat checkpoint remained manned during the week, but no restrictions were imposed on Palestinian-plated vehicles, which in general could freely cross the checkpoint. No extraordinary restrictions were imposed on Arab-Israelis travelling to Tulkarm town. No movement constraints were reported in conjunction with the municipal elections 23 and 24 December.
- In Qalqiliya Governorate, no restrictions were imposed on the local population. The tunnel between Qalqiliya town and Habla remained open during the week. No extraordinary restrictions were imposed on Arab-Israelis travelling to Qalqiliya town. The Palestinian DCL reported that movement in conjunction with the municipal elections on 23 and 24 December went smoothly.
- In Salfit District, movement between the villages continues to be hampered by the existence of road blocks and earth mounds, and the restrictions to travel on the main roads. Three road blocks/earth mounds in particular near Kafr Dik, Qarawat Bani Hassan and Yasuf severely hamper movement. The IDF temporarily removed the road block near Qarawat Bani Hassan on 23 and 24 December to facilitate movement in conjunction with the municipal elections. The road block is now back in place.

#### The enclosed areas in the Gaza strip:

- As Seafa: Since 22 April 2004, the IDF has allowed only three to four people with As-Seafa IDs to go in and out on foot, for one time only, with prior coordination, to bring food in. These people are permitted to exit and enter through the gate at two irregular periods: approximately 6.30am to 8.30am and from approximately 2pm to 4.30pm. No vehicles are permitted to enter or exit. Coordination for international organisations to enter the area has been extremely problematic.

  closed. The IDF erected an earth mound that blocked the road leading to the gate. 27 December: The gate was
  open one time only.

Since 10 May 2004, males aged below 30 years who are Al Mawassi ID holders have been required to have prior coordination to pass though Al Tuffah checkpoint. Since 6 June 2004, prior coordination has been required for unmarried females with Al Mawassi IDs who are between the ages of 18 and 25. Vehicles are not allowed to pass, with some exceptions given for international agencies that have undertaken prior coordination with the IDF.
- Tel As-Sultan checkpoint remained closed during the week.

- 22, 23 and 25 December: Al Tuffah checkpoint was completely closed.
- 24 December: Al Tuffah checkpoint was open only for persons leaving Al Mawassi.
- **26 December to date:** Women (no age restrictions) are allowed in and out, but only men aged 50 years and older are permitted to cross back into Al Mawassi.
- **Kfar Darom:** The Palestinian area adjacent to Kfar Darom settlement was declared a closed military area following a suicide attack on 27 February 2004. Since 20 July 2002, no vehicular movement has been allowed into and out of the area and the IDF erected a fence around the area. Movement is restricted by the IDF with the entry-exit gate generally opening four times daily for Al Maa'ni ID holders only from 6.30am to 7.30am, 10.30am to 11.30am, 1pm to 2pm, and 4pm to 5pm.
